Personal Profile

I have always loved playing football, since I was little.
Already from the age of 14 I have been lucky enough and able to train and play with the older boys in the higher category in the team where I played in Italy.
In 2019 I attended an official Ajax campus, where I not only learned a lot on a technical and tactical level, but above all on a human level, having the opportunity to interact with kids from different countries around the world. I followed by playing in the youth categories until 2020, when before the championship was stopped due to COVID, I had the opportunity to debut with the first team of my club, in the seventh Italian division.
Subsequently, after the break forced by COVID, I resumed my experience in the first teams in the Italian eighth division, from 2022 until 2024.
Today I play in the sub23 of the Spanish team in 3RFEF CD Llosetense I consider myself a functional player, I have always played various roles, from midfielder, offensive and defensive, to full-back.
I like to be involved a lot in the game and help, both from a game-building point of view and from a defensive point of view. I believe I am a good locker room man, in football as in life I try to become close and friendly with the new people I know as soon as possible. Thanks to the experience I had at Ajax in 2019 and today in CD Llosetense, I learned a lot especially from my teammates from different countries
